SUMMARY

Python Full Stack Developer with expertise in Python, Django, FastAPI, React.js, JavaScript, HTML5, CSS3, Bootstrap, MySQL, and MongoDB. Strong understanding of REST APIs, SQL, database management, and CRUD operations. Experienced in developing, testing, and maintaining scalable full-stack applications, integrating frontend with server-side logic, and debugging through structured code reviews. Seeking a Software Developer role to contribute to organizational growth.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript
Frameworks & Libraries: Django, FastAPI, React.js, Bootstrap
Web Technologies: HTML5, CSS3, REST APIs
Databases: MySQL, MongoDB
Core Concepts: Object-Oriented Programming (OOP), CRUD Operations
Tools & Version Control: Git, GitHub

PROFESSIONAL EXPERIENCE

Python Full Stack Developer — Softpro India

July 2025 – Present

- Developed responsive, user-friendly web applications using Python, Django, HTML5, CSS3, JavaScript, and Bootstrap, delivering 5 key modules across projects.
- Implemented backend business logic, CRUD operations, REST API integration, and database integration using Django.
- Designed and managed MySQL databases, including query optimization, data validation, and schema design.
- Integrated frontend and backend components to build scalable full-stack web applications.
- Performed debugging, testing, and error handling, resolving 200+ bugs to improve application stability and performance.
- Used Git and GitHub for version control, code management, and team collaboration through structured code reviews.
- Collaborated with a 7-member team to gather requirements, develop features, and resolve technical issues.

Web Developer — Eduminus Learning

Aug 2024 – Feb 2025

- Developed responsive web applications using HTML, CSS, JavaScript, PHP, Bootstrap, and MySQL.
- Implemented new features, managed MySQL database operations, and optimized website performance.
- Wrote clean, modular, and maintainable code to deliver scalable, user-friendly web solutions.

MERN Stack Developer Intern — Zidio Development

May 2024 – Jul 2024 | Remote

- Developed full-stack web applications using MongoDB, Express.js, React.js, and Node.js (MERN stack).
- Built responsive user interfaces and integrated MongoDB for efficient data management.
- Collaborated with design and backend teams in an Agile environment, contributing to daily stand-ups, sprint planning, and code reviews.

PROJECTS

SmartBuild Hub – Construction Management Web Application

2026

- Built a full-stack construction management platform using Python, Django, HTML5, CSS3, Bootstrap 5, JavaScript, Font Awesome, and AOS to streamline collaboration between builders, architects, contractors, and clients.
- Implemented User Authentication, Project Showcase, Contact, and Testimonials modules; integrated SQLite and applied the Django MVT architecture for a scalable, responsive interface.

Digital Marketing Website

2025

- Built a responsive digital marketing website using HTML, CSS, JavaScript, and Bootstrap with reusable, maintainable frontend components.
- Tested and debugged the application to deliver a responsive, user-friendly experience.

ADDITIONAL SKILLS & STRENGTHS

Soft Skills: Team Collaboration, Problem-Solving, Communication, Adaptability, Attention to Detail, Time Management
Ways of Working: Agile/Scrum (sprint planning, stand-ups, code reviews), Cross-functional Collaboration, Self-directed Learning

EDUCATION

Master of Computer Applications (MCA) — Pursuing

2026 – Present

Integral University, Lucknow | Distance Learning

Bachelor of Computer Applications (BCA)

Dec 2023

Indira Gandhi National Open University | Varanasi, India | CGPA: 6.8
